BUREAU OF LAND MANAGEMENT
SALT LAKE FIELD OFFICE
2370 SOUTH 2300 WEST
SALT LAKE CITY, UT 84119
Phone: (801) 977-4300
Fax: (801) 977-4397

To: Film Permit Applicant
From: Ray Kelsey, Outdoor Recreation Planner

Office 801-977-4333 Email: Ray_Kelsey@blm.gov
Fax 801-977-4397

Attached is the application package for a filming permit on the Bonneville Salt Flats. We need adequate time to process your film permit request, at least **10 working days**; however, as time allows, we will expedite your request as quickly as possible. Please call or email any questions you may have.

Completing the BLM permitting process will involve filling out and signing the attached forms, submitting required fees, posting a security bond, and providing a valid certificate of insurance. In most cases, you will also be required to hire a BLM-approved film monitor for the duration of the project. Any aerial filming and/or pyrotechnic devices will require a minimum \$10,000 security bond to cover any potential damage to the salt flats.

Tooele County requires film permits for all filming in the county, including the Bonneville Salt Flats area. You must contact Kent Page at kpage@co.tooele.ut.us or 435-843-4739 to obtain a county permit.

The permit process can be accommodated using a fax machine or email. We accept all major credit cards or checks. Credit cards are the easiest and most preferred method of payment.

Excellent crew accommodations are available in Wendover only a short 10 minute drive from the salt flats. For reservations, refer to the attached list of hotels & casinos or contact the Wendover Chamber of Commerce @ 775-664-3138.

For local production services, contact Mimi Davis-Taylor, Production Services Executive, Utah Film Commission @ 800-453-8824 or go online at <http://film.utah.gov>.

The Bonneville Salt Flats area is a unique and challenging environment. Be sure to read the attached filming checklist and travel advisory. This information will help orient your crew to the area, prevent mishaps, and reduce your production costs.

Thanks and best of luck on your shoot!

Ray Kelsey

APPLICATION PROCESS FOR FILMING AND PHOTOGRAPHY PERMITS

To obtain a Land Use Permit for filming or still photography on the Bonneville Salt Flats (BSF), please follow the process outlined below.

1. Coordinate and set tentative filming or photography dates with the BLM contact. Phone 801-977-4333/4300 from 8:00 a.m. to 5:30 p.m. Fax available at 801-977-4397. Allow *10 WORKING DAYS TO PROCESS FILM PERMITS*.
2. Complete the enclosed Land Use Application and Permit Form (2920-1), Description of Filming Activities, signed Permit Stipulations, and Liability Clause. Story boards may be requested by your BLM contact. Return application packet to the Salt Lake Field Office, 2370 South 2300 West, Salt Lake City, Utah, 84119 or fax to 801-977-4397.
3. Following receipt of this information, BLM will determine the use fee required to film and what size of bond is required. BLM will contact applicants about use fee and bond requirements within 2 working days. For some projects, the applicant company will be required to hire a BLM-approved film monitor. Otherwise, the BLM will charge monitoring fees.
4. Following the fee consultation, submit a copy of insurance certificate, performance bond (if required), and use fee immediately to the SLFO. These items must be submitted prior to issuance of the permit.

INSURANCE

A public liability insurance policy is required listing the Bureau of Land Management, State of Utah, Tooele County, and Intrepid Wendover Potash LLC as additional insureds in connection to your filming activities at Bonneville Salt Flats. A copy of the applicant's certificate of insurance must be submitted prior to permit authorization. Minimum coverage amount is set at \$1,000,000.

Additional Insureds

U.S. Dept of the Interior
Bureau of Land Management
Salt Lake Field Office
2370 South 2300 West
Salt Lake City, UT 84119

Tooele County
County Courthouse
47 South Main St
Tooele, UT 84074

State of Utah
Governor's Office
East Office Building, Suite E220
PO Box 142220
Salt Lake City, UT 84114-2220

Intrepid Wendover Potash LLC
Corporate Office
700 17th Street
Suite 1700
Denver, CO 80202

SECURITY BOND

A cash or security bond may be required from the applicant depending upon the nature and extent of filming. Bonds are payable by check or credit card to the U.S.D.I., Bureau of Land Management. After satisfactory compliance has been confirmed by a BLM representative, the deposited bond will be refunded. Unsatisfactory compliance or clean up will be charged to the bond account.

FEES

Use fees are based upon the type of filming, permit preparation, BLM's project involvement, and land use rental. Use fees are payable by check or credit card to the U.S.D.I. Bureau of Land Management.

Rental Fees - *BLM prefers to handle most fees via credit card over the phone. Make all checks payable to the U.S. Department of the Interior, BLM.*

The fair market user fee for filming/set-up on public lands is based on the schedule below and is payable in advance of the permit authorization. *If rental fees are below \$250, cost reimbursement fees are not applied.*

Commercial Film/Video Photography

1 - 30 people	\$250/location/day
31 - 60 people	\$500/location/day
61 < (plus)	\$600/location/day

Commercial Still Photography

1 - 10 people	\$100/location/day
11 - 30 people	\$150/location/day
30 < (plus)	\$250/location/day

Cost reimbursement Fees - fees to reimburse the government for costs of processing the application, completing required environmental analysis, and monitoring the filming activities on public lands. The categories for these two one-time fees are determined separately and are based on the estimated number of work hours to process the application or monitor the permit. The processing fees are payable at the time of application. *The processing fee is not refundable.*

<u>Category</u>	<u>Processing Fee</u>	<u>Monitoring Fee</u>
1 (1 to 8 hrs)	\$104	\$104
2 (8 to 24 hrs)	\$368	\$368
3 (24 to 36 hrs)	\$691	\$691
4 (36 to 50 hrs)	\$990	\$990
6 (50+ hrs)	Actual costs	Actual costs

Application Checklist

- ____ Completed Form 2920-1, Land Use Application and Permit.
- ____ Completion of attached Description of Filming Activities
- ____ Signed film permit stipulations
- ____ Signed liability clause form
- ____ Certificate of Insurance in the minimum amount of \$1,000,000 naming the Bureau of Land Management, State of Utah, Tooele County, and Intrepid Wendover Potash LLC as additional insureds.
- ____ Film rental and processing fees. Credit cards are accepted and preferred.
- ____ Refundable security bond is required for all film permits. Amount of bond varies based on proposed filming activities.
- ____ BLM-approved film monitor: For some projects, the applicant company will be required to hire an independent film monitor based on project scope and BLM staff availability. The BLM will charge monitoring fees if BLM staff need to inspect the project.

Title 18 U.S.C. Section 1001, makes it a crime for any person knowingly and willfully to make to any department or agency of the United States any false, fictitious, or fraudulent statements or representations as to any matter within its jurisdiction.			

PERMIT

Permission is hereby granted to:
Of:
to use the following-described lands:

Permit Number

UTU -

TOWNSHIP

RANGE

SECTION

SUBDIVISION

Bonneville Salt Flats SRMA

State

Utah

County

Tooele

Acres (*number*) **varies**

for the purpose of: **Commercial filming or still photography (circle one)**

and subject to the following conditions:

1. This permit is issued for the period specified below. It is revocable at the discretion of the authorized officer of the Bureau of Land Management, at any time upon notice. This permit is subject to valid adverse claims heretofore or hereafter acquired.

2. This permit is subject to all applicable provisions of the regulations (43 CFR 2920) which are made a part hereof.

3. This permit may not be assigned without prior approval of the authorized officer of the Bureau of Land Management.

4. Permittee shall not enclose roads or trails commonly in public use.

5. Authorized representatives of the Department of the Interior, other Federal agencies, and State and local law officials shall at all times have the right to enter the premises on official business.

6. Permittee shall pay the United States for any damage to its property resulting from the use.

7. Permittee shall notify the authorized officer of address change immediately.

8. Permittee shall observe all Federal, State, and local laws and regulations applicable to the premises and to erection or maintenance of signs or advertising displays including the regulations for the protection of game birds and game animals, and shall keep the premises in a neat, orderly, and sanitary condition.

9. Permittee shall pay the authorized officer, in advance, the lump sum of \$ _____ for the period of use authorized by this

permit or \$ **n/a** dollars, annually, as rental or such other sum as may be required if a rental adjustment is made.

10. Use or occupancy of land under this permit shall commence within **n/a** months from date hereof and shall be exercised at least **n/a** days each year.

11. Permittee shall take all reasonable precautions to prevent and suppress forest, brush, and grass fires and prevent pollution of waters on or in the vicinity of the lands.

12. Permittee shall not cut any timber on the lands or remove other resources from the land without prior written permission from the authorized officer. Such permission may be conditioned by a requirement to pay fair market value for the timber or other resources.

13. Permittee agrees to have the serial number of this permit marked or painted on each advertising display or other facility erected or maintained under the authority of such permit.

14. This permit is subject to the provisions of Executive Order No. 11246 of September 24, 1965, as amended, which sets forth the Equal Opportunity clauses. A copy of this order may be obtained from the signing officer.

15. Permittee acknowledges, by signing below, that he/she knows, understands and accepts the terms and conditions under which this permit is issued.

16. Special conditions (*attach additional sheets, if necessary*): **Signed stipulations apply.**

XXX _____
(Signature of Permittee)

FOR BLM USE ONLY

Permit issued for period of ____ days - only ____ days of actual shooting.

From _____

(Authorized Officer)

To _____

(Title)

(Date)

INSTRUCTIONS

1. Submit, in *duplicate*, to any local office of the Bureau of Land Management having jurisdiction of the lands.

2. Applications for Land Use Permits will not be accepted unless a notification of the availability of the land for non-BLM use (*Notice of Realty Action*) has been published in the Federal Register and for 3 weeks thereafter in a newspaper of general circulation.

This provision does not apply in those situations where the publication of a NORA (*Notice of Realty Action*) has been waived by the authorized officer.

3. If the annual rental exceeds \$250 dollars per year, costs of processing the application *must* be paid by the applicant in advance.

4. The authorized officer may require additional information to process an application. Processing will be deferred until the required information is furnished by the applicant.

The Paperwork Reduction Act of 1995 requires us to inform you that:

Information is needed to process application for land use authorizations, pursuant to 43 CFR Section 2920.

Information shows if the applicant and proposed use meet the requirements of 43 CFR Section 2920.1.

Applicant *must* respond before he/she can be granted an authorization to use public lands.

PERMIT REQUIREMENTS AND USE STIPULATIONS

The following permit requirements and use stipulations are attached to all filming/photography permits.

1. A BLM representative may accompany film crews/photographers to familiarize you with safety hazards (underlying mud areas) or coordinate dual events (races or other events).
2. No filming allowed within 500 feet on both sides of the centerline of the International Track. Travel on or use of the International Track is prohibited unless specific authorization has been granted.
3. No sand, gravel, topsoils or other foreign material is allowed on the salt surface.
4. Any set being used must be pre-constructed before placement on the salt surface.
5. Discharge of any fluids on the salt other than fresh water is not permitted. All permittees are required to stake down their portable toilets, keep all gray water in storage in campers or catering vehicles and provide drop cloths for parked hydraulic equipment. If discharge of fluids does occur, the permittee will be required to clean up the spill and provide a specified amount of salt to cover the stains. Any fueling or use of automotive fluids on the BSF is prohibited unless specifically authorized by BLM.
6. Use of any props, vehicles or equipment, which would break-up or otherwise alter the BSF surface, is prohibited by BLM.
7. The use of pyrotechnical equipment or effects must be proposed in advanced, specifically authorized, and requires that a BLM representative be present during such activity.
8. Permittee will keep the lands free of trash, including **cigarette butts**. All trash and other refuse generated by the filming operations will be contained immediately and removed daily.
9. Overnight stay on the BSF is not permitted unless specifically authorized by BLM in advance.
10. The BLM reserves the right to take photographs of any aspect of filming or photography operations specifically for case file records.
11. The permittee will, upon request, provide BLM with a duplicate copy of the filming (video or still photography) product within two weeks of public distribution.

FAILURE TO COMPLY WITH THE ABOVE STIPULATIONS WILL GOVERN BOND LOSS OR DEDUCTIONS FROM THE BOND.

I have read the above stipulations and concur with the information:

Applicant signature:_____Date:_____

The BLM Salt Lake Field Office appreciates your cooperation.

LIABILITY CLAUSE

43 CFR 2920.7

Holders of a land use authorization and all owners of any interest in, and all affiliates or subsidiaries of any holder of a land use authorization issued under these regulations shall pay the United States full value for injuries or damage to public lands or other property of the United States caused by the holder or by its employees, agents or servants, or by a contractor, its employees, agents or servants, except holders shall be held to standards of strict liability where the Secretary of the Interior determines that the activities taking place on the area covered by the land use authorization present a foreseeable hazard or risk of danger to public lands or other property of the United States. Strict liability shall not be applied where such damages or injuries result from acts of war or negligence of the United States.

Holders of a land use authorization and all owners of any interest in, and affiliates or subsidiaries of any holder of a land use authorization issued under these regulations shall pay third parties the full value of all injuries or damage to life, person or property caused by the holder, its employees, agents or servants or by a contractor, its employees, agents or servants.

Holders of a land use authorization shall indemnify or hold harmless the United States against any liability for damages to life, person or property arising from the authorized occupancy or use of the public lands under the land use authorization. (When a land use authorization is issued to a State or local government or any agency or instrumentality thereof, which has no legal power to assume such liability with respect to damages caused by it to lands or property, such State or local government or agency in lieu thereof shall be required to repair all damages.)

I have read and understand the liability regulation cited above.

BSF Filming Info

Logistics

- Bonneville Salt Flats are approx. 100 miles and 1.5 hours by car due west on I-80 from the Salt Lake City airport.
- Charter flights into Wendover airport are possible.
- Hotel rooms are available in Wendover just 10 minutes from the salt flats. See attached info on hotels/casinos.
- Most equipment and services can be found in Salt Lake. Contact the Utah Film Commission at 1-800-453-8824. Wendover is a small town with limited services.

Health & Safety

- In summer, expect temperatures in the mid to upper 90's; over 100 degrees is not uncommon; solar reflection off the salt is intense.
- Light-colored, loose-fitting, long-sleeved shirts & pants are recommended; high-SPF clothing is best.
- Wear a broad-brimmed hat, 100% UV sunglasses, and lots of sunscreen.
- Wrap a wet bandana around your neck to help keep cool.
- Bring pop-up shade shelters, umbrellas, or tents.
- Use air-conditioned RVs or tents for rest areas.
- Keep well hydrated; constantly drink fluids.

Travel

- All vehicles **MUST** enter and exit the salt at the end of the access road to prevent getting stuck.
- Keep vehicles away from mud flats.
- Keep vehicles at least 50 ft away from any dikes.
- Whenever possible, keep vehicles off any race tracks.
- Drive parallel to the dike to find your way back to the access road.
- Mark the route back to the access road with cones, flags, or signs every 1/4 mile.
- Drive thru any standing water at 10 mph or less.
- Keep film crew at least 1/4 mile away from outer edges of salt.
- Areas with cracks or pressure ridges indicate possibly thin salt.

Sanitation/Trash

- **Cigarette butt cans** must be available and used.

- All trash bins must be covered against high winds.
- **Portable or RV toilets** must be available on the salt; no urinating on the salt.
- **All toilets must be secure against high winds. Stake them down so they can't tip over.**
- Ensure all trash is collected and removed at the end of the day.
- **No dumping RV tanks on the salt.**
- Spills and trash must be cleaned up immediately.
- Catering facilities may be taken onto the salt; place tarps down for easier cleanup.

Set Design & Equipment

- Crews may drill into the salt to stake down or secure equipment/tents/rigging against high winds.
- Digging large holes in the salt is not permitted.
- Foreign objects such as wood stakes or PVC pipes must not be removed from the salt.
- **Fresh water only** may be used for set design or cleaning vehicles. No detergents or other chemicals.
- Pyrotechnics or special effects require prior BLM approval.
- Tarps should be used under equipment whenever possible to protect the salt.
- Filming on the access road requires prior BLM approval. Law enforcement presence may be required.

Aircraft

- Helicopters or planes may land and stage on the salt only to pick up passengers, change out cameras, etc.
- All aircraft must refuel at the Wendover airport.
- Flight plans must be cleared by FAA and Wendover airport.

Security/Operations

- Film crews may secure the area around their set up to 1/2 mile but must not restrict public access to the salt unless specifically authorized by the BLM.
- Film crews must not hold back traffic on the access road for more than 3 minutes at a time.
- All crew members must leave the salt after dark except for security personnel.

- Keep vehicles together after dark; single vehicles may get lost and stuck out alone.
- Use flashing lights or vehicle headlights to mark the end of the access road after dark.
- Do a head count at the end of the day to make sure everyone makes it off the salt okay.

BSF Travel Advisory

The Bonneville Salt Flats are a unique and dynamic environment. The weather and surface conditions can be extreme and challenging at different times of the year. ***Travel on the salt flats will always be at your own risk*** and the Bureau of Land Management assumes no responsibility or liability for public use of this area. However, adhering to the following travel suggestions can make your visit safer, more enjoyable, and more successful.

- **Facilities:** Food, water, fuel, phones, restrooms, showers, and laundry are available at the freeway exit for the Bonneville Raceway or in nearby Wendover. Once you go from the access road onto the salt flats, there are no facilities available at all. There are no surface improvements or signs. You are on your own. ***Travel is at your own risk.***
- **Salt vs. Mud:** Stay on the salt surface (white) as much as possible. Avoid traveling on the mud flats (light brown) which surround and underlie the salt. The mud is often very soft and wet and may cause your vehicle to become stuck. If your vehicle tracks begin to get darker in color, you are entering a hazardous area.
- **Standing water:** Ponded water is often encountered on the salt flats throughout the year. The salty water is highly corrosive and may short out the electrical system of your vehicle. This could leave you stranded, many miles from help. If you must drive thru water to reach dry salt, do so slowly (under 10 mph) so that there is minimal splashing into your engine compartment. Wash the salt off your vehicle as soon as possible to avoid serious corrosion.
- **Water at the end of the access road:** If you encounter standing water at the end of the access road, you are better off driving slowly thru it to reach the salt. Attempting to drive around water to reach dry salt could cause you to get stuck in the mud.
- **Avoid the edges of the salt flats:** The salt surface becomes progressively thinner as you near the edges where you risk breaking thru to the mud. Stay near the center. Driving straight out from the end of the access road about 300 yds and then turning left to line up with Floating Island in the northeast will take you along the approximate centerline. Watch for other vehicle tracks. Try to retrace your track when returning.
- **Pressure ridges:** The salt crust often forms pressure ridges as much as 8-10 inches high. Beware of the damage these could cause to your vehicle, especially when driving fast. The ridges become taller and more frequent where the salt layer is thin, so avoid these areas.
- **Dikes:** Avoid driving close to the numerous dikes encountered on the flats. Do not go within 50 feet of these features or you risk becoming stuck in the underlying mud.
- **Obstructions:** Watch out for potholes, wooden marker stakes, PVC tubing, and other objects that may be found sticking up out of the salt. Be careful not to drive over any objects. Do not tamper with or remove them.
- **GPS recommended:** Distances and visual perception can be very deceiving, especially on hot days when a strong mirage takes effect. Many objects will disappear below the horizon as you get farther out on the salt. Obtaining a GPS (global positioning system) unit and using waypoints to mark your route is a good way to effectively navigate on the flats.
- **Night travel not recommended:** Visual perception on the salt flats is severely limited at night and navigating can become very difficult, especially without GPS. Becoming disoriented, lost, and/or getting stuck are very possible. *Overnight stays on the salt flats are prohibited.*
- **Be Prepared:** Always take lots of water, extra food, and additional clothing. Temperatures can vary from below freezing in winter to triple-digits in the summer. The white surface produces intense reflection of sunlight. Bring a wide-brimmed hat, U/V sunglasses, and high SPF sunscreen.
- **Cell phone:** Cell phone coverage is generally available on the salt flats but becomes weak near the north end of the area. Do not rely on a cell phone to get you out of trouble.
- **Help:** If you do have an emergency on the salt flats, contact the **Tooele County Sheriff Dispatch office at 435-882-5600**. Towing assistance is available from "Mr. Tow" at 435-665-2525.
